# ABU DBS

## XR Technology and immersive experiences

# UNREAL ENGINE 5.1

Game changer

Unreal has just introduced the Unreal Engine 5.1. Though it has just been introduced – it is making waves. It is adding substantially to the Metaverse, AR / VR universe.

For Content creators and broadcast world – it is definitely the game changer.

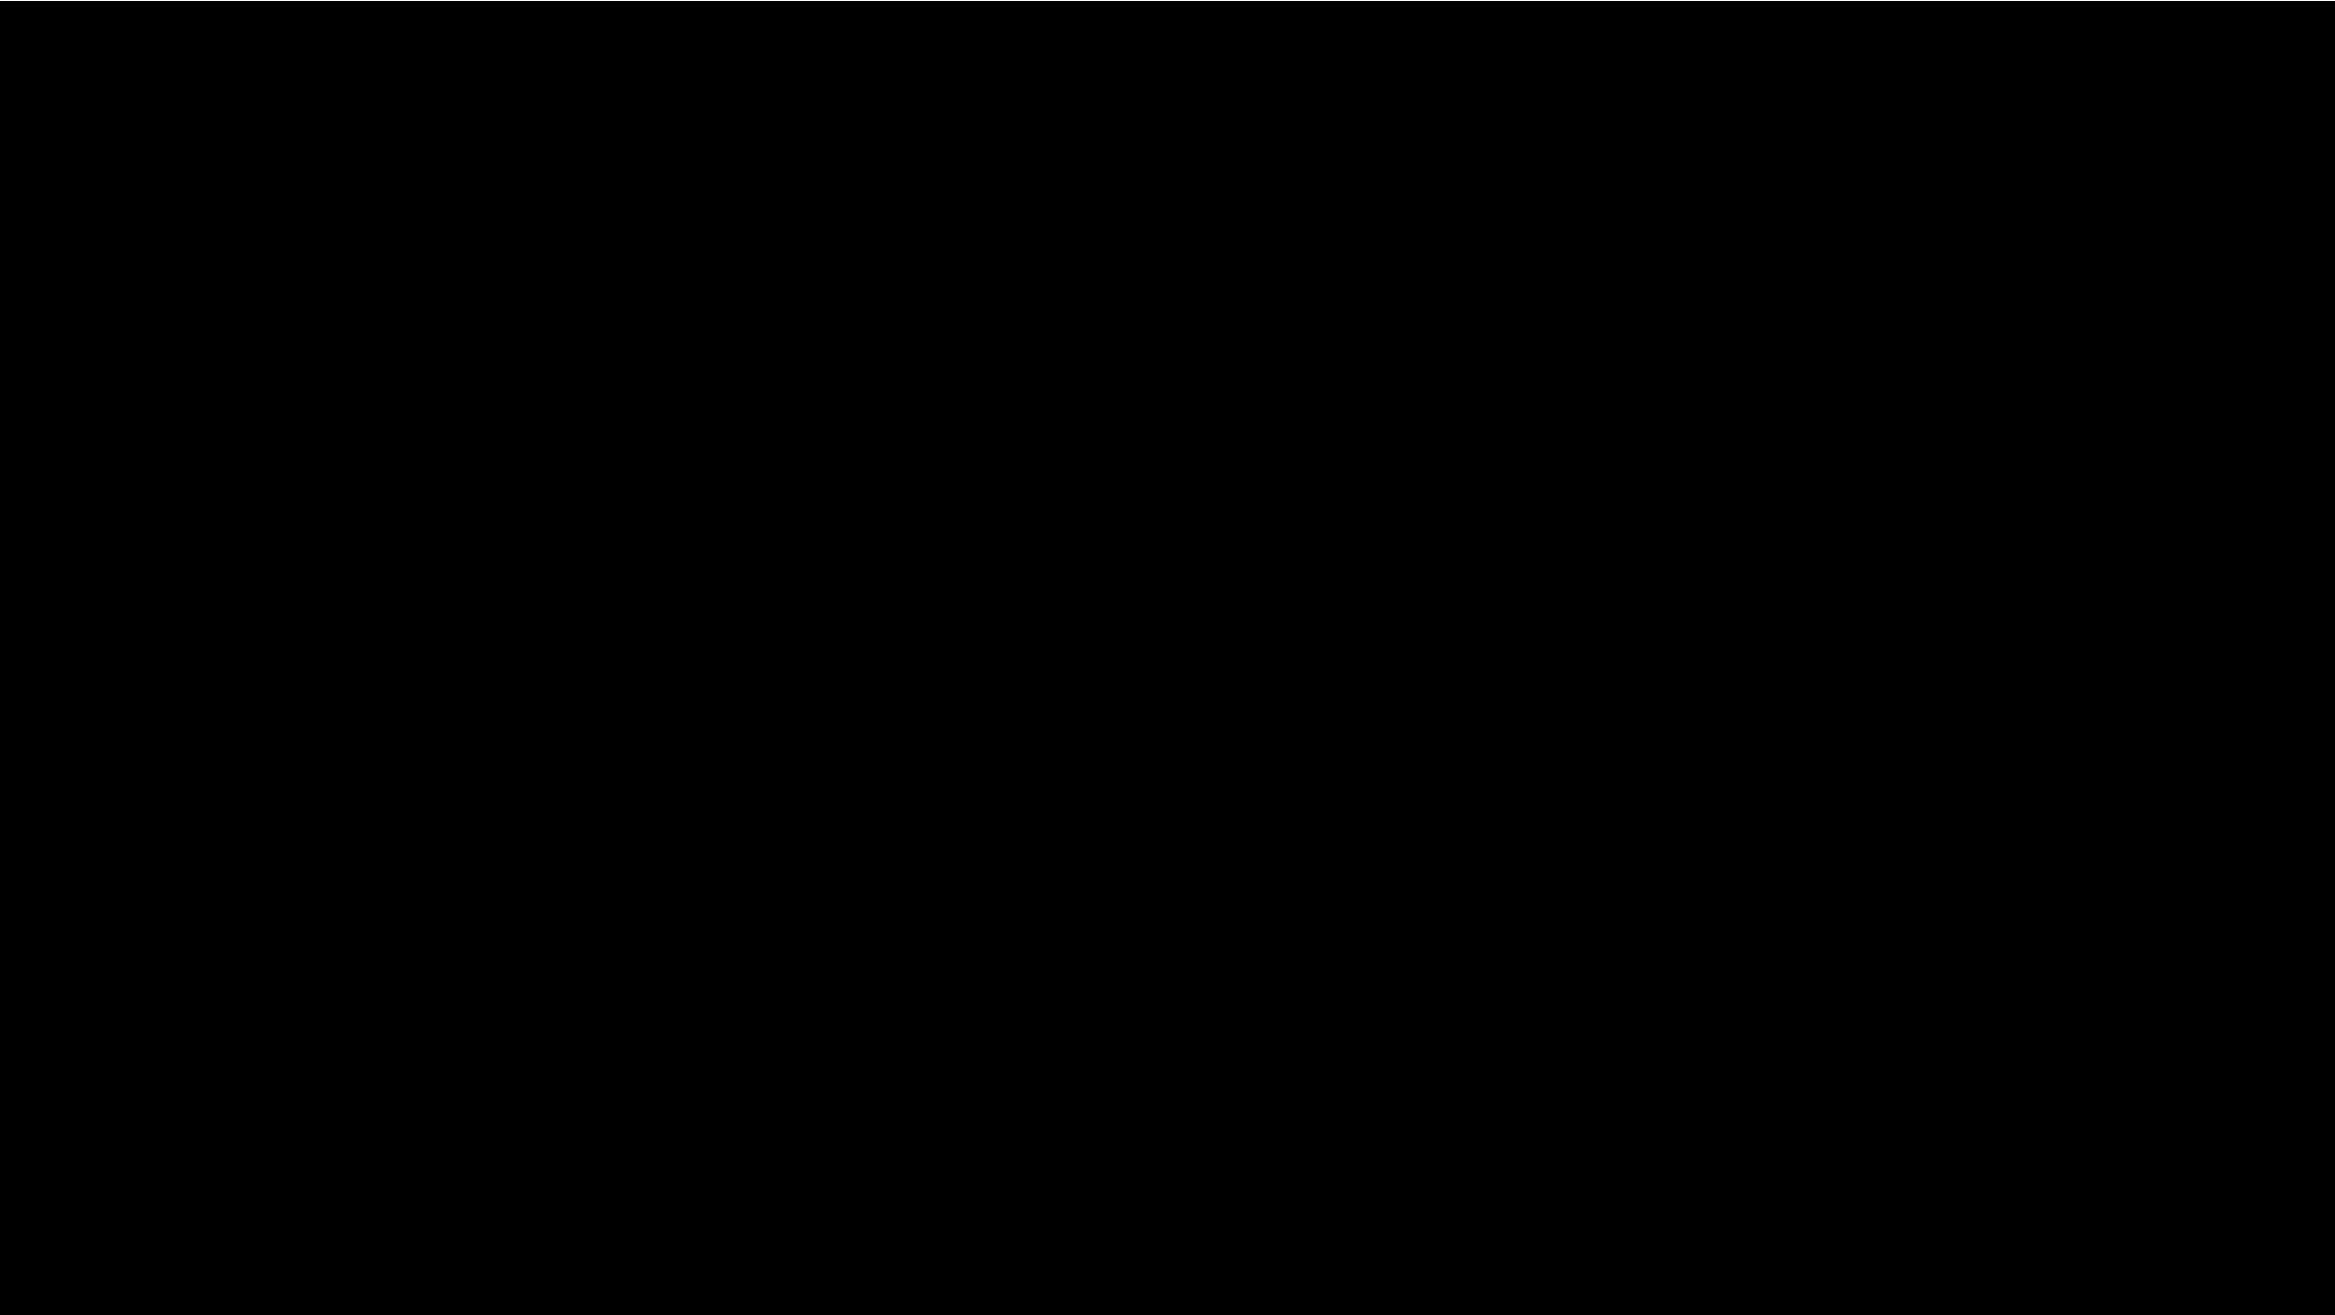

**Welcome to the future !!**

A woman with long dark hair, wearing a white sleeveless dress, stands in a virtual environment. The background is a dark blue, rocky landscape with jagged rock formations and a hazy, atmospheric sky. The scene is lit with a cool, blue light, creating a moody and ethereal atmosphere. The woman is looking slightly to her left with a neutral expression.

**PRG's studio is equipped with xR technology,**
